Professional Experience

Cognixus Technologies / Employee Performance Review System (FYP)

March 2022 - Present, Kuala Lumpur

Collaborated with Cognixus Technologies to develop a performance review plugin for the existing Hexfere HRMS system.

Cognixus Technologies / Software Engineer Intern

July 2021 - January 2022, Subang Jaya

Carried out industrial training as a software engineer. Learned how to design and develop scalable mobile and web applications. Additionally, I have learned how to develop the backend of an application and write Docker commands.

The University of New South Wales (UNSW) / Digital Resilience SBX (DRSBX) Backend Developer

March 2021 - March 2022, Remote Work

Our team consisted of 6 people who have taken a task to develop a security assessment web application in collaboration with Dr. Yenni Tim. I am involved as a backend developer for this project.

Education

University of Malaya (UM) / BACHELOR OF COMPUTER SCIENCE (COMPUTER SYSTEM AND NETWORK)

September 2019 - Present, Kuala Lumpur

Specialized in Computer Systems and Networking in University of Malaya with a CGPA of 3.96

Kolej Tingkatan Enam Petaling Jaya (KTEPJ) / Sijil Tinggi Persekolahan Malaysia (STPM)

May 2017 - December 2018, Petaling Jaya

Studied Pure Science with a CGPA of 3.83 (3A , 1B+)

SMK USJ 8 / Sijil Pelajaran Malaysia (SPM)

January 2012 - December 2016, Subang Jaya

Studied Pure Science with straight A's (2A+ , 6A , 1A-)
